

First-Time Login

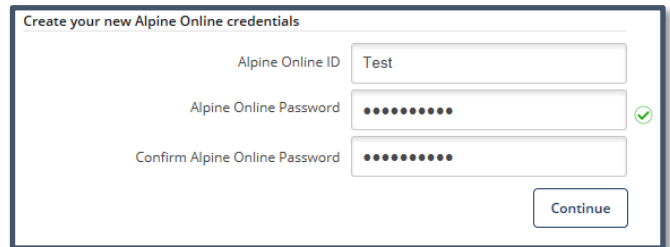

Step 1: Login Credentials Email

As a business online banking user, you will receive an email containing a secure link to establish your login credentials.

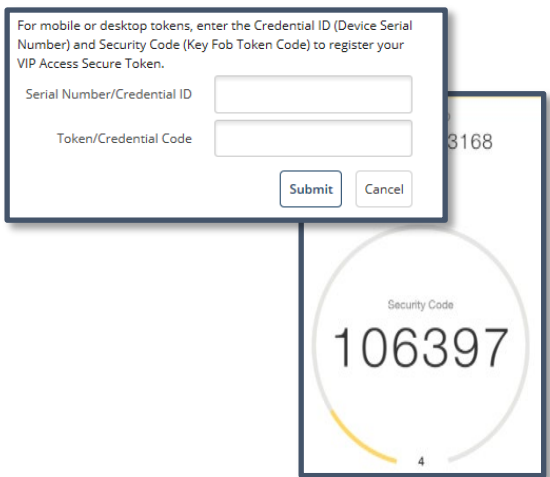

Step 2: Create your Alpine Online ID & Password

Enter your desired ID & password. Follow the requirements as you complete each field.

Step 3: Register Secure Token, if required

Enter the "Credential ID" and the "Security Code" and select "Submit".

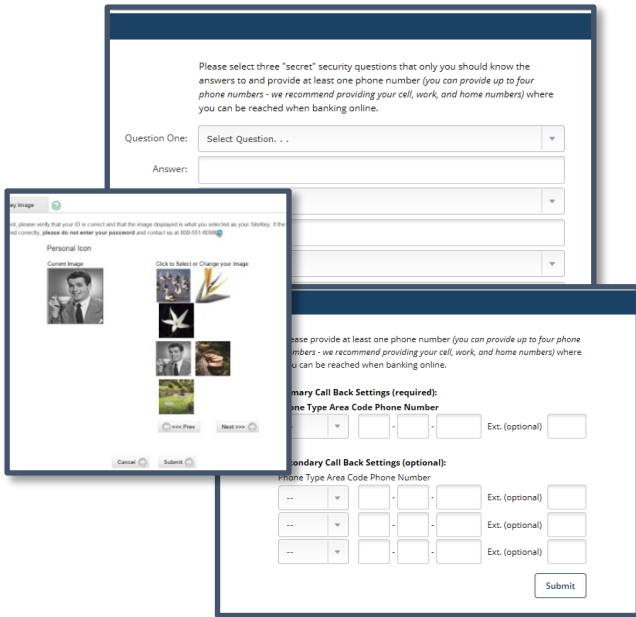

First-Time Login

Step 4: SiteKey Image & Security Settings

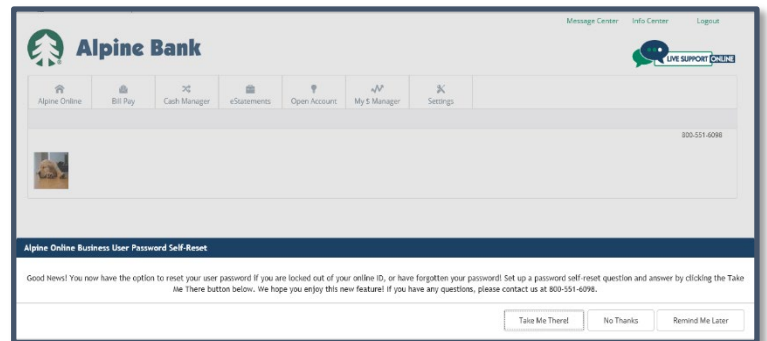

Choose a SiteKey image from the list provided and "Submit". Your SiteKey image is displayed on each page of your online banking, providing assurance that you are on our secure site.

Complete your security settings, which include security questions and at least one phone number where you may be reached when banking online.

Step 5: Password Self-Reset Setup

If you would like to set up your Password Self-Reset question and answer, select the 'Take Me There!' radio button at the bottom of the screen. You may choose 'Remind Me Later' to be prompted at a later login or 'No Thanks' to dismiss this feature.

Choose 'Take me There!' set up your 'Password Reset Question' and 'Password Reset Answer'. Then select 'Submit'.
