

## Online Security

The security of your information is one of our most important responsibilities. You can be confident knowing Alpine Bank is dedicated to providing you with a high level of security and protection.

### 128-bit encryption

Your online information is transmitted with a 128-bit encryption, which is approximately 309,485,009,821,234,068,724,781,056 times stronger than the average browser.

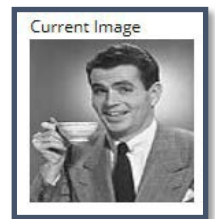

### Secure Tokens

Secure tokens are used as an extra layer of added protection.

### SiteKey Image

The SiteKey image that you select during your first login is displayed on every page of your online account, which helps you recognize you are on Alpine Bank's official website, adding another level of security to protect you from theft and fraud.

### Online Access

Each of your online users will have an individual user ID with personalized online access to your business account(s). You can restrict user access to a specific IP address or to a specific time of day.

### Administrative Rights

For more control and convenience, the Authorized Administrator on the ID can add new users or modify existing users without having to contact Alpine Bank.

### Questions?

Questions? Please contact us at (970) 257-5996 or toll-free at 833-325-7902.

Thank you for your business!
